

## **John Carroll** | Tucson MSA Advisor

Metropolitan Statistical Area Advisor John Carroll focuses on the marketing of residential land and investment properties in Pima County.

As a fifth-generation resident of Tucson, John has experienced first-hand Pima County's significant growth, and he applies this knowledge to generate nuanced market insights for clients. His prediction of the total value of the permits issued in Pima County in 2014 came closest to actual, making him the winner of the CCIM Real Estate Land Forecast Competition that year.

John joined the Tucson office of Land Advisors Organization in 2012. He is a member of the Urban Land Institute and SAHBA (Southern Arizona Homebuilders Association).

His family has long-established alumni ties to the University of Arizona; John continued the tradition when he graduated from the university's Eller College of Management with a bachelor's degree in marketing.
