

Michele Pino | Commercial Site Selection Advisor

Michele Pino has been a commercial and site selection specialist with Land Advisors Organization since 2006. She helps school districts, solar developers, public entities, and hospitals, medical and commercial users plan strategic location decisions.

She brings more than 12 years of statewide experience in economic development to her role at Land Advisors Organization. She was the executive director of the Arizona State University Research Park, where she worked on real estate development and business attraction. She also served eight years in State Government at the Arizona Department of Commerce as director of small business development and director of national business development. There, working with local municipalities, she assisted corporate entities in their site location decisions statewide.

Michele is a certified economic developer and a licensed real estate associate. She is a member of the Arizona Association of School Business Officials, and a board member of WESTMARC and Valley Partnership.

Michele holds a master's degree in international management from the Thunderbird School of Global Management, and undergraduate degrees from the University of Arizona: a B.A. in Russian/political science and a B.S. in business.
